## REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the Citizens of Nottingham:*

At the District Meeting held last April, a committee of five men was appointed to consult with the School Board and recommend to the coming District Meeting their findings in regard to better school accommodations for Nottingham. The Committee consisted of the following persons: John D. Perkins, chairman; Perley B. Batchelder, Frank P. Smith, Arthur W. McDaniel, and Harold Spencer. This committee has held several meetings and visited a number of schools in other districts. Its report is forecast in the town budget and school meeting warrant. It will call for careful consideration on the part of the voters and deserves action on its merits, bearing in mind the present and future interests of the town as a whole. Either their proposition or some alternative is urgently needed to relieve crowded conditions in the classrooms and to avoid transportation of pupils to schools other than those to which they would normally be assigned.

After many years of faithful service in teaching and helpfulness at the Gebig School, Mrs. Florence L. Miner retired from regular teaching, with many expressions of regret and good-will from her former pupils and their families. She was succeeded by Miss Lillian Stiles, a graduate of Keene Normal School, who has specialized in the upper grades. Mr. Patrick W. Canning was added to the School Board at the last annual meeting of the district.

The present organization of the schools is as follows :

<i>School</i>	<i>Teacher</i>	<i>Enrollment</i>
Center I-IV	Miss Alta Scruton	21
Center V-VIII	Mrs. Glendle B. Caverly	22
Gebig I-IV	Mrs. Lillian F. Spencer	26
Gebig V-VIII	Miss Lillian B. Stiles	16
Total .....		85

One hundred years ago, Horace Mann, "Father of Public School Education," and founder of the first Normal School in America, began his great work on behalf of the free common school, which he called "the greatest discovery ever made by man." Teaching he called "the most difficult of all arts and the profoundest of sciences." His life expressed his deep conviction that "If ever there was a cause, if ever there can be a cause, worthy to be upheld by all of toil or sacrifice that the human heart can endure, it is the cause of education."

Respectfully submitted,

CHESTER W. DOE,  
*Superintendent of Schools*

February 8, 1937.
